Jammalamadaka, Kanigiri - 523230

Professional Summary

Beginner Data Engineering student skilled in Python and SQL. Proficient in data cleaning and preprocessing using Pandas and NumPy. Completed multiple online courses and projects. Eager to learn and contribute to real-world data tasks.

Technical Skills

Languages: Python, SQL

Libraries/Tools: Pandas, NumPy

Concepts: Data Cleaning, Preprocessing, Basic Statistics

Education

B.Tech, Computer Science and Engineering	Aug 2022 – May 2026
Vasireddy Venkatadri Institute of Technology, Nambur	
Intermediate (MPC)	Jun 2020 – May 2022
Board of Intermediate Education, Andhra Pradesh, Ongole	
SSC	Jun 2019 – May 2020
Board of Secondary Education, Andhra Pradesh, Kanigiri	

Certifications

- **Python for Data Science, NPTEL – Silver Medal (Top Performer)**, Jul 2024
- Introduction to SQL, edX, Jul 2024
- Python Basics for Data Science, edX, Jun 2024
- Python Data Analyst, Infosys Springboard, Jun 2024

Projects

House Prices Data Preprocessing (Python, Pandas)	Mar 2024
Cleaned and prepared a real-estate dataset from Kaggle for modeling. Handled missing values, removed duplicates, encoded categorical features, and performed data exploration using Pandas and NumPy.	
Tic-Tac-Toe Game (Python)	Jan 2024
Developed a two-player game using Python, implementing user input, win detection, and result display with loops and conditionals.	

Academic Achievements

- Awarded **Silver Medal** in NPTEL Python for Data Science (Top 5%)
- Demonstrated strong academic performance in B.Tech and Intermediate examinations

Additional Information

Soft Skills: Teamwork, Time Management, Adaptability, Communication

Languages: English, Telugu

Availability: Open to internships and entry-level roles in data or Python
